No problem – we are still routing around with some minor edits being offered. I probably won't have a copy for signature until next week. In the meantime you can include the one that Tanya already signed in the SPA application. I'm leaving for the day in 4 minutes and will be back at 7:00 am tomorrow.

Is ok, If it is fine with EPA we don't need to have our logo in the MOA. The only thing is that the president is not in the office today and I don't know if she will be tomorrow, so it may take a few days to get her signature.

Also, do you need our logo in the Program Description and in the Adequate Enforcement document? Since is not a document that include a signature I didn't include the logo.

Wilmarie – we printed the MOA for concurrence here on EPA letterhead. Would DNER want it's letterhead on the document as well? We'd need to craft something for this.

Thanks

Ok. Can I submit the package without the MOA and submit it later?

Wilmarie – the MOA is circulating here. There have been some minor edits eg Changing 41 CFR Part 2 to Part 22.

Another question - the president signed the MOA that we discussed because I submitted to her before we talked and you mentioned me that the Regional Director need it to see it before. If there is any changes to the document I will print it again and get her signature again. Please advice if you want me to include that MOA that she signed in the package or if I should wait and not include the MOA.

Thanks

Good afternoon Dennis,

Attached please find the Puerto Rico UST Program Description for your review and comments. The only two pending documents that I need to send you for review are: UST Closure Guidance and the Demonstration of Adequate Enforcement Procedures. I'm expecting to send it to you no later than tomorrow.

Thanks.  
Wilmarie
